We want 5,000 new subscribers by 1921. Will you help us? Send The Sun to your relatives and friends.

Our old friends, John H. Lange and wife are publishing in Denver, Colo., an attractive little journal called, "The Five Points Bulletin" issued twice a week. The Sun wishes them success.

The Sun is in receipt of a very interesting Postal from Dr. and Mrs. T. A. Fletcher, who have been abroad for nearly a year and who are at present stopping at 153 Clapham Rd., Stockwell, London, England. They are enjoying excellent health.

One of the newest and most interesting books from the Press of Double Day, Page & Co., is "Finding A Way Out" by Robert Russa Moton, principal of Tuskegee. It is highly complimented in review by the New York Post, the New York Sun and ex-president Taft and is undoubtedly a valuable contribution to Negro literature.

Hon. W. C. Houston, Secretary Treasurer of the National Realty and Investment Company, a corporation capitalized at \$500,000 at Gary, Ind., is home on a brief visit to his family and friends, and is also submitting a very attractive proposition to the people of this City, a full account of which will appear in our issue of next week.

The Community program at Lincoln High School last Sunday afternoon was one of the best ever held there and Prof. J. R. E. Lee is to be highly congratulated for the splendid men and women he brings from time to time before our people. The address by Dr. R. H. Miller, the distinguished pastor of the Independence Boulevard Christian church, was a masterpiece of logic, encouragement and oratory while the singing of the Southern Melody Quartette has never been exceeded. The display of work done in the dress making and millinery department by the girls and in the Trades Buildings by the boys was a revelation to many and the monster audience which crowded the Auditorium to its capacity and overflowed into the halls and stair ways was a living testimonial of earnest appreciation of what has been done for our High School as well as the needs of a larger, modern and up-to-date building to meet the phenomenal growth of this institution which has grown by leaps and bounds under the management and supervision of Prof. J. R. E. Lee. Give us a new High School.

## WORK OF THE NATIONAL URBAN LEAGUE.

"The purposes of the National Urban League are (1) to develop co-operating among the agencies which work among Negroes for social betterment; (2) to make investigations of conditions as a basis for practical work; (3) to stimulate agencies already to work to extend their fields so as to include Negroes; and (4) to train colored social workers \* \* \* who are conversant with the best methods of service and are possessed of the necessary broad vision so as to prosecute the work successfully."

In a single year the National Urban League has helped 20,000 Negroes to secure employment; has placed twenty welfare workers to increase the efficiency of Negro labor; has helped cities conduct classes for the training of foremen, as well as the teaching of illiterates; has conducted eleven community houses in the congested districts of large cities; has helped thirty cities carry out "programs for better conditions among Negroes in health, housing, recreation, education, and morals"; has secured the cooperation of two hundred white and colored and civic agencies.

For 1921 the League needs \$66,000 to carry on its National work. It aims to show the employer group how valuable Negro labor is and to show the Negro workers how efficient and reliable they must be to hold the places they have won in industry. "The League's ultimate aim is to help to spread the spirit of service. \* \* \* It is the hope of the League that the time will come when there will be no privilege or opportunity too good to be extended in our great land to any human being of any creed or of any color."—Southern Workman.

## THEY SAY

—That the enemy you need fear the most is the idle gossip. Amen.

—That your actions often tell people the very things you don't want them to know.

—That the man who gives to the poor and needy is only lending to the Lord. Hallelujah.

—That the Negro who gives you a check for money he knows he has not got in the bank ought to be put in jail.

—That if you fail to take advantage of our Special Rate of \$1.25 you will surely regret it. Send the Sun to your friends.

—That it's hard to tell where a certain prominent man lives. He is seen coming from two or three places at all hours. Get me.

—That a woman who advertised for a GOOD husband got one apparently for he died in two weeks after she married him and left her \$5,000 in insurance. It pays to advertise.

—That the political Band Wagon is very much like a street car. The men are not scrambling to give the women voters their seats. No indeed.

—That Negro Restaurants and Barber Shops may as well reduce their prices or go out of business because that's what's going to happen, believe me.

—That one dress and a pure upright character count for more in the sight of God and good men and women than all the diamonds, silks and furs obtained by questionable methods. If you believe it say, Amen.

—That a certain justly indignant husband gave a white collector an awful clucking and then ran him a mile because he caught him hugging his wife last week. Why not run her a few miles too?

—That a recent visitor who is evidently a close observer said, "There are more 'Big-to-do' Negroes in Kansas City without any visible means of support than in any City I ever visited." Well was he jealous or was he right?

—Call Fairfax 350 or Fairfax 4422.

The Johnson Floral Co. is now at your service. Grand 3081. 1421 E. 19th Street.

OMEGA PSI PHI ANNUAL CLAVE.

The Omega Psi Phi Fraternity will hold its annual convention at the seat of the Delta Chapter, McHarry Medical College and Fiske University, Nashville, Tenn., from December 27, to the 30th inclusive. There will be two executive sessions daily and every night of the convention, save the opening night will be devoted to social activities.

Among other speakers will be Hon. J. C. Napier and Dr. C. V. Roman of Nashville both active elected members, and Dr. E. E. Just of Washington, D. C., who is one of the founders of the fraternity.

The National Basileus, Mr. R. G. Robinson of Boston, Mass., will preside over the deliberations of the convention. Representatives will assemble from as far west as the University of California, from the East, Harvard and Yale will be represented and other New England colleges; from the Middle Atlantic States Columbia University, where the fraternity was founded as the first Greek letter fraternity to have been established in a Negro institution of learning; the most noted institutions of middle West including the University of Pittsburgh and Chicago University, as well as the leading institutions of the South in which this fraternity was the first of its kind to launch. Will send up their quota of delegates.

These distinguished representatives of Negro college life will assemble and outline a constructive program for the Negro of this country relative to this era of reconstruction emerging from the aftermath of the great world conflict. The four cardinal principles of the fraternity viz., manhood, perseverance, scholarship, and uplift will form the basis of a proposed national policy.
